THE END

Not to sound like a fairy tale—and this most certainly isn't—once upon a time Harvey Comics were the biggest selling comics of all.

Besides that, Richie Rich was the best selling of all comic characters. Strong enough, would you believe, to have more than 30 titles carrying his name. This worked out to 16 different titles each and every month! (On a smaller scale, but still downright incredible, Casper had seven titles carrying his name!)

All that was at a time when there were many, many more places to purchase comic magazines. They were sold at, what used to be called, candy stores, at many more newsstands than there are today, at specialty stores and at supermarkets. It was relatively easy to find a store that sold comics and they all happily stacked Harvey Comics.

That was at a time when comics were READ! That's R-E-A-D!

That was at a time when the buyer of comcs wanted to know what happened this month to this or that favorite character and to actually wear away his comic book by reading it and rereading it and then lending it to a friend.

That was before the comic book became a commodity...Before the comic book, like the baseball card, became an object of so-called investment. Suddenly, the comic book was something to buy in lot amounts and then to keep preserved in a polyester bag never to be sullied by human hands or perused by human eyes.

You know what? That sucks!

That's not what comic books were supposed to be about—and that's not what it's about here. And, to a great extent, because of this, a lot of fun has gone out of the medium. Take that last batch of comics about that superhero who was supposed to have died. (Of course, he's about as dead as healthy-beating heart.)Those comics were as readable as VCR instructions printed in Japanese. But it didn't matter. It didn't matter either that one book was done entirely in full size single panel pages with as much story content as a fortune cookie.

It didn't matter because no one reads this stuff. (Which may be a blessing in any case.) Buyers just spend small fortunes for them in the hope that these million or so issues will be worth bigger fortunes in the near future. I would think a lot of people are going to be very disappointed in the price of their holdings in that near future when they finally remove those comics from their polybags. There just may be too darn many of them!.

But in any case, that's the extent of most comics today. Covers done with all sorts of graphic and printing tricks that can the price of the magczine. Polybagged issues with silly paraphernalia that should never be opened. Unreadable stories and overinflated art. And, I'm sorry to say, little story content and no storytelling.

With rare exception, that's what's going on. And the five to fourteen year old kid who used to be the comic reader—and should be the only comic reader—has to look hard and long to find where readable and appropriate comics are.

Hopefully that's going to change someday. But please know that we here are at least doing our damndest to produce the kind of comics that comics are supposed to be. And if you have to work harder finding them, we're sorry. But keep trying because, you know, it's worth it!

And you know what, you're going to find in the future that these are the ones that have the real value. Because you'll have gotten a lot of memorable entertainment from them!.

and we get letters...

Dear Casper,
I wanted you to visit my house, but my parents always forget to help me write you a letter, so we're writing it today. Do you have a telephone at your house? We have a radio phone number and we leave the radio on between 10:00 A.M. and noon each day (it runs on batteries). What's your telephone number?

P.S. I have two pianos, a big one and a small one, and I also have a spaceship which is on the deck of my houseboat.
Your fan,
Michael McGovern
Canada

Dear Michael,
I have a telephone at my house, Michael, but it only seems to work in the Enchanted Forest! Most of my friends just drop by when they want to see me, but you're lucky since you can always reach me through the pages of my comic book! Living on a houseboat sounds like a lot of fun, Michael, but what Spooky and Wendy want to know is how your keep from getting sea sick!
Your friend,
Casper

Dear Wendy,
Hi! My name is Morgan, and I'm from Cedar Falls, Iowa. I moved from Fairbanks, Alaska, and I have a friend named Wendy. She is real nice. My mom's birthday is coming up. We are giving her a present and we're having a family party. It's going to be fun! Oh, yeah—comics are my favorite books, and the only ones I read are Harveys!
Sincerely,
Morgan Brown
Cedar Falls, IA

Dear Morgan,
I like to give parties and presents too, Morgan, but my aunties never seem to be in the mood for either! I baked a birthday cake for them once, but they just turned it into a toad! Next time I'm going to place a mirror spell on the cake so my aunties will turn into toads! And please say "Hi" to your friend, Wendy, for me, Morgan! I'm sure with a name like Wendy, she must be a "good little" friend!

Dear Richie Rich,
My name is Amber. I am 10 years old. You and Dollar are my favorite Harvey characters. I get all my comics from my grandma. She loves to read your comics. I do too! How did your dad get so rich, and how did he meet your mom? Say "Hi" to Dollar for me.
Sincerely,
Amber LeBeau
Fenton, MO

Dear Amber,
My grandma likes to read my comics too, Amber! She says it's a way for me to visit her even though I'm not really there! I'm glad you have Harvey stories to share with your grandma, and I'm sure she has many of her own stories to share with you, Amber! As to how my dad got so rich and how he met my mom—well you'll just have to keep reading the pages of my comic for answers to those questions!
Your friend,
Richie Rich

Dear Hot Stuff,
I am seven years old and I have been a fan of yours for almost two years! My best friend's name is Judy, and she takes karate lessons. She has an orange belt and she flipped me over once, but it didn't hurt. My favorite snack is corn chips with salsa, and I like to eat when I watch my favorite TV show, Star Trek: The Next Generation. Do you like corn chips and salsa?
Your friend,
Benjamin Ziff
Los Angeles, CA

Dear Ben,
Salsa is one my favorite foods, Ben! I also like hot tamales, hot dogs, hot cakes and any food that has a lot of hot peppers!

By the way Ben, I'm also a "trekkie." In case you haven't noticed, I've got ears like a Vulcan!
Your pal, Hot Stuff

Dear Casper, Richie Rich
and Baby Huey,
I love your comics. Every time I go to the store, I ask my mom for your comics. I wish I could write comics when I grow up. I am going to read your comics when I grow up. Keep up the great work!
Yours sincerely,
Julie Edelman, age 8
Onarga, IL

Dear Julie,
Thanks for the kind words, Julie! We're happy to hear that you want to write comics when you grow up, but why wait until you've grown up! In coming issues, look for exciting contests where Harvey readers can get there very own stories published in a Harvey comic book! So pick your favorite Harvey character, Julie, and start writing Harvey stories right now!
